Hi Micah,

I assume we are still planning for this call tomorrow morning at 9am PDT. Please let me know if there is any change (we'll use the conference line information you sent with the questions).

Thanks,

David

Micah,

Yes, August 4<sup>th</sup> will not work for us. Could I suggest 9-11am (Pacific) on August 12<sup>th</sup>? Let me know if that works for you.

Thanks,  
David

Hi David, Just to clarify, will the August 4<sup>th</sup> not work for you? Stephen Jann confirmed a meeting with us on August 4<sup>th</sup> at 2:30 MST. If that time doesn't work, we can reschedule for August 12<sup>th</sup>. Suggest a time and we'll adjust our calendars accordingly.

Hi Micah,

I am attaching 7 pdfs of correspondence between EPA and the State of CA (generally Division of Oil and Gas and the Water Board) that pertain to the CA Class II UIC program. Some of the letters included attachments, and several of the attachments are quite lengthy, so I opted to exclude them from this email message. I can certainly provide any of the attachments if you are interested in specific ones. I hope this information is useful and let me know about any attachments of interest.

Regarding our discussion of the questions you sent, it looks like Aug 5<sup>th</sup> will not work on our end

as our acting Director wants to participate but is on travel that day. We could schedule time on Aug 7<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>, and most of the week of August 17<sup>th</sup>-21<sup>st</sup>. Let me know what will be best for you and your team. I appreciate your flexibility in letting us push this review back a few weeks.

I look forward to our discussion.

Regards,  
David
